

How much will my kitchen cost?

Kitchens are mostly made up of product (cabinetry, bench tops, and appliances) and a string component of design. Since every space is unique, providing an exact cost is difficult. We assess every site and requirement before providing an estimated cost.

Do you have a guarantee on your work?

All products we use come with a guarantee FROM 1 TO 10 YEARS AND MORE and we communicate these when building your kitchen. We do offer lifetime support to our clients. For information on fittings and products used, please refer to the contract for warranty periods.

How long does the whole process take?

The timeline is determined based on the project complexity and site requirements. We present the concept design within a week of our on-site consultation. The 3D design is provided within a fortnight of the contract being signed and deposit paid. Typically a mid-sized kitchen can take 3-4 weeks to be completed, depending on our current workload.

Where do I start if I am thinking of renovating my kitchen?

A great way to start is by researching different styles of kitchens and finishes. Make a diary of what you like. Take inspiration from magazines or our design gallery. Make a list of things you must have in your new kitchen and some nice to have things. Most importantly, assess your fin

Should I visit your showroom before buying a new kitchen?

Visiting our showroom is essential to see different styles and materials available. As part of our design process, we suggest presenting the concept at our showroom where you can see materials and our craftsmanship first hand.ances and decide how much you're willing to spend on a kitchen renovation.

Do you provide free consultation or quote?

Yes, our first in-home consultation is free. The intended outcome of our process is a custom design and price for your new kitchen.

Do you buy/ sell kitchen appliances?

Yes, we can provide quality appliances from Blaupunkt for your new kitchen, but we find many clients prefer to source their own.

What if I have problems after the kitchen installation?

Our products come with 10-year warranties and a lifetime support offer. It is not unusual to have small teething problems when your kitchen is first installed. We welcome your calls so that these can be rectified.

pre buying faq

Why should I choose Mynt by Goodluck modular kitchen.?

Goodluck gives consumers a smarter way to design, select, and buy factory finished quality kitchens, wardrobes, and home goods at price points that fit any budget. Yes, But the charges are refundable after you finalizes.

Will I be charged for transportation and installation?

Transportation and Installation are included in your final purchase.

Are delivery and installation done within the same day?

Installation will start the same day as your product is delivered, but depending on the readiness of the site, installation can take up to 2-3 days.

What types of materials do you use for your cabinets?

We offer multiple materials, and each material serves a specific purpose. You, as a customer, are provided with a few options of which materials should be implemented. You can access information about the materials in our [Kitchen Buying Guide](#).

Are your materials termite-proof?

All of our materials are termite resistant. We ensure that every edge is sealed, so no wooden material is exposed to termite infestation. However, in the rare chance of termite infiltration on any cabinet, the advantage of going modular is that the damaged cabinet can easily be replaced at a minimal replacement cost without causing any hassles.

Post purchase

How to you avoid water damage in a kitchen?

The materials we use have water resistant properties. We take extra precaution around the kitchen sink, which is always in stainless steel or plywood. Both materials are very hygienic and do not soak up water or other liquids very easily.
